1. **Meeting Called to Order:** 1000 in the CSMS Conference Room

2. **Co-Chairman:** MAJ Glenn Miller and Mr. Nathan Honeycutt

3. **Old Business:**

a. NSPS. Pay tables are published and LTC Gray provided handouts for further information. April 06 Deputy Secretary of Defense England signed off on the implementation of NSPS without the following 3 items.

1. Discipline and Adverse Actions
2. Appeals
3. Labor Relations

Currently Spiral 2 is still on track to be implemented in October 2007. Few details are solid, however, the current evaluation system will be replaced with a 5 level evaluation system and WIGI will be prorated based on time served in the position as credible time to the WIGI increase. It was agreed NSPS updates can be sent out via e-mail and posted on the union bulletin boards.

b. Union Scholarship Advertising: The issue of advertising the benefit continues to be unresolved. LTC Gray proposed taking the information to Kendall James who is working on an "EXTRANET" and posting information there. LTC Gray requested 30 days to come back with this or another proposal

c. Uniforms: A consensus among employees is uniforms and not coveralls

d. Hurricane Katrina. Unresolved questions may still exist. Questions and concerns will be forwarded and submitted to Safety office for a response prior to the next partnership council meeting.

e. New Recorder. Still need one
